District Board to Hold Special Meeting

Workshop to highlight District program and future direction

- Event:** The District will update its Board of Directors on its current program and seek direction on an approach to, and prioritization of, its program.
- When:** 9 a.m.-Noon
Monday, April 25, 2011
- Where:** Supervisor's Chambers
Sonoma County Administration Building
575 Administration Drive, Room 102 A
Santa Rosa, CA
- Who:** District Board of Directors/Sonoma County Board of Supervisors
Bill Keene, District General Manager
District staff

Background: Since its inception in 1990, the District has protected more than 85,000 acres and is responsible for stewarding approximately 77,000 acres of easements and managing nearly 7,600 acres of its own land. As resources and revenues are limited and the need for public access and land conservation grows, the District seeks input from the Board to ensure a balanced program.

The workshop will provide information on the District's accomplishments as well as its current program and priorities. For more information, please contact 707.565.7360 or openspace@sonoma-county.org
