Executive Summary

During this reporting period the Commission has received no information of any transfer of funds other than for the reasonable value of goods and services provided by the County to the District, and no Measure F funds were directly or indirectly appropriated or transferred to the County's General Fund for other than reasonable value of goods and services.

Our review of audit reports and agreements on the District's expenditures for operations and maintenance on recreational properties finds that the District is in compliance with the Expenditure Plan and Resolution 16-0040. The Commission has also determined that the District is continuing to utilize the County's procurement practices, and, regarding its procurement, complies with Generally Accepted Accounting Principles (GAAP).

Background

Following the voters' approval of Measure F in 2006, the Board of Supervisors reorganized the Sonoma County Open Space Authority into the current Commission effective April 1, 2011. As part of that reorganization, the Commission is required to perform certain fiscal oversight duties with respect to the use of funds held in the County's Open Space Special Tax Account, and to review and comment on the District's annual audit as set forth in Resolution No. 10-0832.

The Commission's Eighth Annual Report to the District's Board of Directors on the Commission's actions in performing its assigned tasks are as follows:

A. Role of Commission

In conjunction with the periodic audits of the District, the Commission shall serve as an audit committee in order to determine: (1) that no Measure F funds are directly or indirectly appropriated or transferred to the County's General Fund for other than reasonable value of goods and services, (2) that District's expenditures for operations and maintenance on recreational properties are in compliance with the expenditure plan and Resolution 16-0040, Initial Public Access Operations and Maintenance (IPAOM) Policy adopted February 2, 2016, and (3) determine whether or not the District's procurement practices assure that it is paying reasonable prices for appropriate goods and services and providing sufficient detail to provide an audit trail.

1. Transfer of funds and reasonable value of goods and services

During this reporting period, the Commission's Annual Report/Audit Review subcommittee met as needed to review the reports issued by the District's external audit firm, Maze and Associates, and the Sonoma County Auditor-Controller-Treasurer-Tax Collector's office.

The reports reviewed were for the fiscal year ending June 30, 2020 and included audited Basic Financial Statements, the Independent Accountant's Report on Applying Agreed upon Procedures for IPAOM related transactions, the Memorandum on Internal Control and Required Communications, and the Measure F Government Code Section 50075.3 Reporting. These reports are available on the District's website using the link at the end of this document.

To date, the Commission has received no information of any such transfer of funds other than for the reasonable value of goods and services provided by the County to the District.

2. Initial Public Access Operations and Maintenance Expenditures

The Commission is required to review District Initial Public Access- Operations and Maintenance expenditures for compliance with the 2006 Expenditure Plan and the District's implementing policies. Over the past several years, the process for recording and reviewing these expenditures has been enhanced. The Commission participated in the development of the District processes, as well as in the development of the policy adopted by the District's Board on February 2, 2016. For fiscal year 2019-20 Maze & Associates, the District's independent auditing firm, conducted a transaction review, involving expenditures coded to the operations and maintenance fund, and 11 transfer agreements between the District and the entity receiving the transferred property. The Initial Public Access Operation and Maintenance (IPAOM) review was completed on October 21, 2020. There were no findings nor any communications indicating that there were any concerns regarding the accuracy of the staff account coding for invoices or timecards. The District provides on-going account coding instruction to staff to ensure that these expenditures, and all others, are coded correctly.

3. Procurement Practices

The commission reviewed the Memorandum on Internal Control and Required Communications issued by Maze & Associates for the fiscal year 2019-20, which did not report any material weaknesses or deficiencies identified during the audit regarding procurement practices or other material processes. The District's practice is to follow the County's procurement practices. The Commission has determined that the District is continuing to utilize the County's procurement practices. The practices. The General Manager is satisfied that the practice meets the District's needs.
