Introduction

The Sonoma County Agricultural Preservation and Open Space District (Ag + Open Space) was created and funded with a quarter-cent sales tax in 1990 by a vote of the Sonoma County electorate for a period of twenty years. The mission of Ag + Open Space is to permanently preserve the diverse landscapes of Sonoma County for future generations, including working farms and ranches, greenbelts and community separators between and around urban areas, natural areas and wildlife habitat, and land for public access and passive recreation. In November 2006, voters overwhelmingly approved Measure F, which reauthorized Ag + Open Space and extended the quarter-cent sales tax through 2031. Measure F began on April 1, 2011. Since its inception, Ag + Open Space has protected over 122,300 acres with an acquisition cost of \$431.2 million; and today, ranks as one of the top open space and farmland conservation programs in the nation.

Ag + Open Space is a separate legal entity and has specific purposes and powers, which are set out in Public Resources Code Sections 5500 et seq.¹ Primary financing for Ag + Open Space comes from the voter-approved 0.25 percent sales tax. Ag + Open Space is thus different from Sonoma County departments, which are created by the Board of Supervisors for internal administrative convenience, but are not separate legal entities.

Through March 2011, the Open Space Authority (the Authority) levied the sales tax and ensured that Ag + Open Space's open space purchases were consistent with the voter-approved expenditure plan. The Authority contracted with Ag + Open Space to acquire open space (planning, appraisal, negotiation, and stewardship). On April 1, 2011, the Authority reorganized as the Sonoma County Open Space Fiscal Oversight Commission to provide fiscal oversight of Ag + Open Space's operations. Measure F authorized the County to levy sales tax that funds Ag + Open Space and also required the County to enter into a contract with Ag + Open Space. The contract dedicates the sales tax revenue to the implementation of the voter approved 2006 Expenditure Plan and gives Ag + Open Space authority for the budgeting and expenditure of the sales tax revenue in accordance with the Plan. Ag + Open Space partners with willing landowners, public agencies and non-profit organizations to protect the open space values of land in perpetuity, through agreements with landowners (conservation easements) and through outright purchase of land.

Ag + Open Space's status as a separate legal entity with specific powers affects the types of activities in which Ag + Open Space may engage. Unlike Sonoma County, which generally may spend its general fund revenues for activities the Board of Supervisors determines benefit the public good,² Ag + Open Space may only expend its sales tax revenue to further the purposes specified in the voter approved Expenditure Plan.³ Unlike the County, Ag + Open Space has no general land use authority, and does not exercise general regulatory "police powers."

² See Government Code Section 26227.

³ See Revenue & Taxation Code Section 7285.5 and the contract between Ag + Open Space and the Sonoma County Open Space Authority. See also *Golden Bridge District v. Luehring* (1970) 4 Cal. App.3d 204.

Because Ag + Open Space is a separate entity, Ag + Open Space's revenues, expenses and assets are held and accounted for separately from Sonoma County's.⁴ When County officials perform services for Ag + Open Space, they are separately paid for those services by Ag + Open Space, pursuant to agreements between Ag + Open Space and the County. Similarly, when Ag + Open Space personnel perform services for the County, the County pays Ag + Open Space for those services. Payments are subject to fiscal oversight by the Sonoma County Open Space Fiscal Oversight Commission to assure the public that they are consistent with the Expenditure Plan and that they are based on actual cost. Ag + Open Space holds separate title to its real property and assets, and the County may not use Ag + Open Space property or funds for County purposes absent an appropriate agreement that is consistent with the voter approved Expenditure Plan. Ag + Open Space is also subject to different laws than the County regarding acquisition and disposition of property.⁵

⁴See Section 4 of Sonoma County Ordinance No. 5677R ("The Sonoma County Open Space, Clean Water and Farmland Protection Measure").

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Sonoma County Agricultural Preservation and Open Space District
Santa Rosa, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and the General Fund of the Sonoma County Agricultural Preservation and Open Space District, (Ag + Open Space) a component unit the County of Sonoma, California, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Ag + Open Space's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to Ag + Open Space's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ag + Open Space's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of Ag + Open Space as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis and Other Required Supplementary Information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Ag + Open Space's basic financial statements. The Introductory Section, Other Supplementary Information and Statistical Section listed in the Table of Contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Other Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Other Supplementary Information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The Introductory Section and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 23, 2020, on our consideration of Ag + Open Space's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ag + Open Space's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the Sonoma County Agriculture Preservation and Open Space District (Ag + Open Space), we offer readers of Ag + Open Space's financial statements this narrative overview and analysis of the financial activities of Ag + Open Space for the fiscal year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with Ag + Open Space's financial statements (pages 11-16) and the accompanying notes to the basic financial statements (pages 17-40).

Financial Highlights

The assets and deferred outflows of resources of Ag + Open Space exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$442,822,795 (net position), of which \$10,089,298 is reported as unrestricted net position.

Ag + Open Space's total net position increased by \$16,091,160. This increase was primarily the result of contributions for capital acquisitions and operations from the Open Space Special Tax Account (OSSTA) and private donations.

Ag + Open Space recorded program revenue of \$24,721,639 comprised of contributions from OSSTA, grants from other governmental and not for profit organizations, rental income, and donations of capital assets. Ag + Open Space reported \$8,865,429 in program expense including salaries and employee benefits, services and supplies and contributions to other governments, resulting net program revenues of \$15,856,210. Program expenditures included \$1,558,012 for initial public access, operations and maintenance

As of the close of the current fiscal year, Ag + Open Space's governmental fund reported an ending fund balance of \$13,513,063, an increase of \$2,323,323 from the prior year, with a fund balance commitment of \$9,193,039 for initial public access, operation and maintenance.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Ag + Open Space's basic financial statements. Ag + Open Space's financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of Ag + Open Space's finances in a manner similar to a private-sector business, and are composed of the *statement of net position* and the *statement of activities*.

The *statement of net position* presents information about the financial position of Ag + Open Space, reflecting all of Ag + Open Space's assets and deferred outflows of resources, and liabilities and deferred inflows of resources on a full accrual basis, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Ag + Open Space is improving or deteriorating.

The *statement of activities* presents information about Ag + Open Space's revenues and expenses, also on a full accrual basis, with the emphasis on measuring net revenues and expenses of Ag + Open Space. The *statement of activities* reflects how the government's net position changed during the most recent fiscal year.

All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., unused vacation leave).

The government-wide financial statements can be found on pages 11-12 of this report.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Ag + Open Space, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Ag + Open Space's fund is a governmental fund.

Governmental funds are used to account for essentially the same functions reported as governmental *activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Ag + Open Space's governmental fund accounts for its activities, which include preservation of open space in Ag + Open Space's boundaries. Ag + Open Space adopts an annual appropriated budget for its funds. A budgetary comparison statement has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 13 - 16 of this report.

Notes to the basic financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 17- 40 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Ag + Open Space, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$442,822,795 at the close of the most recent fiscal year.

By far the largest portion of Ag + Open Space's net position, \$432,733,497, reflects its investment in capital assets (e.g., land and easements).

At the end of the current fiscal year, Ag + Open Space is able to report positive balances in all categories of net position. Ag + Open Space's total net position increased by \$16,091,160. This increase was primarily the result of contributions for capital acquisitions from both the Open Space Special Tax Account (OSSTA) and private donations.

Key elements of Ag + Open Space's activities are identified below.

- Ag + Open Space recognized intergovernmental revenue from OSSTA of \$18,671,362, a decrease of \$6,134,005 from the prior fiscal year. The decrease in intergovernmental revenue from OSSTA was primarily due to decreased OSSTA reimbursements for capital acquisition. Spending on capital assets varies from year to year due to the timing of major asset purchases.
- Ag + Open Space received \$5,595,930 in donations during the fiscal year ended June 30, 2020, an increase of \$1,437,501 from the prior fiscal year. Donations include partner contributions for easement purchases and bargain price contributions (discounts) from landowners.
- Total program expenses for the fiscal year ended June 30, 2020 were \$8,865,429, an increase of \$441,376 from the prior fiscal year. The majority of the increase is due to a \$435,058 contribution to the City of Healdsburg related to the transfer of title of a trail from Ag + Open Space to the City.

Financial Analysis of the Government's Fund

As noted earlier, Ag + Open Space uses fund accounting to ensure and demonstrate compliance with legal and governmental accounting requirements.

Governmental Funds

The focus of Ag + Open Space's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Ag + Open Space's financing requirements.

In particular, unassigned fund balance may serve as a useful measure of Ag + Open Space's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Ag + Open Space's governmental fund reported an ending fund balance of \$13,513,063, an increase of \$2,323,323 from the prior year. Of this amount, \$1,988 represents non-spendable fund balance associated with prepaid expenses and \$9,193,039 represents fund balance committed to initial public access, operations and maintenance. Assigned fund balance totals \$4,142,912 and consists of encumbered contracts and activities related to the Fiscal Oversight Commission and the operation of Cooley Ranch. As of June 30, 2020, unassigned fund balance is \$175,124.

General Fund Budgetary Highlights

The material difference between the original budget and the final amended budget can be briefly summarized as follows:

- During the fiscal year ended June 30, 2020 expenditure appropriations were increased for rollover of prior year encumbrances net of prior year encumbrances released. Increases due to these encumbrances amounted to \$3,205,916, \$1,298,024 and \$202,965 respectively for Services and Supplies, Contributions to Other Governments and Building and Improvements.

Capital Assets

Ag + Open Space's net investment in capital assets, as of June 30, 2020, amounts to \$432,733,497. This investment in capital assets includes land, easements and other intangible assets, construction in progress, land improvements, machinery and equipment, and pre-acquisition costs. The total increase in Ag + Open Space's investment in capital assets for the current fiscal year was \$13,530,958.

Major capital asset events during the current fiscal year included the following:

- During the year, over 3,547 acres of land were protected in perpetuity through the acquisition of 3 conservation easement. One fee property was transferred which totaled nearly 152 acres for which a conservation easement and recreation covenant were retained.

Additional information on Ag + Open Space's capital assets can be found in the notes to the basic financial statements.

Debt Administration

Debt service on the 2007 Series A and B (refunded by issuance of Series 2015 A) Measure F sales tax revenue bond issuance began in fiscal year 2011-2012. As required by Measure F, the County of Sonoma issued this debt and administers the debt service using Measure F sales tax proceeds. This activity is accounted for in the Open Space Special Tax Account (OSSTA), which is administered by the County Auditor-Controller-Treasurer-Tax Collector Department. Ag + Open Space had no outstanding debt as of June 30, 2020.

Economic Factors and Next Year's Budgets and Rates

The primary funding for Ag + Open Space comes from a voter approved one quarter percent sales tax that was initially imposed for a period of 20 years ending the first quarter of 2011. In November 2006 the voters passed Measure F, an initiative which extends the tax for another 20 years ending the first quarter of 2031. The sales tax revenue is accounted for in the Open Space Special Tax Account which is administered by the County Auditor-Controller-Treasurer-Tax Collector. The coronavirus outbreak and actions taken to mitigate it are expected to negatively impact sales tax revenue in FY 20-21. The anticipated decrease in sales tax revenues would affect funding available for acquisition of interests in land and intergovernmental revenue received from OSSTA.

The budget for FY 20-21 shows minor changes in staffing and amounts budgeted for services and supplies. The budget for land and easement acquisition is developed each year considering the acquisitions that are intended to be completed. Projects may take multiple years to complete as such projects may budgeted for more than one year.

All of these factors were considered in preparing Ag + Open Space's budget for the fiscal year ending June 30, 2021.

NOTE 1 – Summary of Significant Accounting Policies
--

A. Reporting Entity

The Sonoma County Agricultural Preservation and Open Space District (Ag + Open Space) is a dependent Special District formed under Government Code Section 65562 and 5500 et seq. of the Public Resources Code to further State policy on the preservation of open space. The boundaries of Ag + Open Space are coterminous with the boundaries of the County of Sonoma. The Board of Directors of Ag + Open Space is composed of the members of the County Board of Supervisors who serve *ex officio* as District Directors. As such their duties and loyalties as District Directors are separate and distinct from their duties and loyalties as County Supervisors. Financial activity of Ag + Open Space is recorded in the County of Sonoma's Comprehensive Annual Financial Report as a Non-Major Special Revenue Fund. The Open Space Special Tax Account (OSSTA), which records the sales tax received and funds the acquisitions and operations of Ag + Open Space, is recorded as a Major Special Revenue Fund in the County's financial statements. The Net Position of both funds are shown as restricted for Agricultural Preservation and Open Space on the County's Government-wide Statement of Net Position.

Ag + Open Space was formed by a 70.6% positive vote of the County Electorate during the November 1990 elections.

Primary financing for Ag + Open Space was through a contract with the Sonoma County Open Space Authority (Authority). Effective April 1, 2011, as required by Measure F, the quarter cent sales tax is being levied by the County of Sonoma. The sales tax revenue is accounted for in the Open Space Special Tax Account which is administered by the County Auditor as outlined in a contract between the County of Sonoma and Ag + Open Space. The Open Space Fiscal Oversight Commission provides fiscal oversight of the operations of Ag + Open Space. Ag + Open Space may be financed by gifts, grants, special taxes, general obligation bonds, and other sources of revenue authorized by law or any combination thereof.

Ag + Open Space and the Open Space Authority entered into a contract on February 4, 1991, which was amended on March 26, 1992. Among other things, the contract required the Authority to finance the purchase of interests in land by Ag + Open Space in exchange for Ag + Open Space's agreement to administer an acquisition program and to hold and maintain interests in land. With respect to individual purchases of interest in land, the contract further provided for a three-party escrow with the seller submitting an executed easement agreement in exchange for an agreed upon price, Ag + Open Space then recorded title to the interest in land and the Authority submitted the purchase price and a proportionate share of the closing costs. Thus the Authority financed the purchase price and Ag + Open Space recorded title to the interest in the land. That agreement terminated March 31, 2011. Beginning April, 2011, the OSSTA funds the acquisitions and Ag + Open Space continues to retain title.

Ag + Open Space has adopted an acquisition plan and has a staff of 28.5 permanent positions. As of June 30, 2020, Ag + Open Space has protected approximately 122,300 acres through conservation or open space easements and property held in fee.

NOTE 1 – Summary of Significant Accounting Policies (Continued)
--

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the activities of Ag + Open Space.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include grants and contributions that are restricted to meeting operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, Ag + Open Space considers revenues to be available if they are collectible within 365 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims judgments are recorded only when payment is due.

D. Deposits and Investments

In accordance with GASB Statement No. 31 and No. 72, Ag + Open Space reports cash and investments at fair value in the balance sheet and recognizes the corresponding change in the fair value of investments in the year in which the change occurred.

E. Capital Assets

Capital asset balances at year end are reported in the government-wide financial statements in the Statement of Net Position. Capital and intangible assets are recorded at historical cost and include machinery and equipment, non-depreciable land and easements. The historical cost of the assets include Ag + Open Space's cost for the assets as well as donations applied to the purchase and associated costs such as direct labor, legal fees, appraisal fees, negotiation fees and other incidental expenses.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

F. Compensated Absences

It is Ag + Open Space's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Ag + Open Space accrues the liability for vacation benefits only, in accordance with GASB Statement No. 16. Compensated absences are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignation or retirement.

G. Net Position

Net position is classified into three components; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. These classifications are defined as follows:

- Net investment in capital assets – This component of net position consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balance of associated notes payable.
- Restricted net position – This component of net position consists of net position with limits on their use that are imposed by outside parties.
- Unrestricted net position – This component of net position consists of net position that do not meet the definition of "restricted" or "net investment in capital assets".

H. Fund Balance

Ag + Open Space's fund financial statements report governmental fund balances using the following classifications as stated in the provisions of GASB Statement No. 54:

- Nonspendable – amounts that are not in a spendable form or are to be maintained intact. This balance consists of prepaid items.
- Restricted – amounts that can be spent only for the specific purposed stipulated by external resource providers or through enabling legislation. Ag + Open Space does not report any fund balances in this classification as of June 30, 2020.
- Committed – amounts that can be used only for the specific purposed determined by a formal action of the government's highest level of decision making authority. This balance represents resources intended for initial public access, operations, and maintenance.
- Assigned – amounts intended to be used by the government for specific purposed determined either by the governing body or by an official or body to which the governing body delegates the authority. This balance includes resources intended for encumbered contracts and for activities related to the Fiscal Oversight Commission activities and the operation of Cooley Ranch.

NOTE 1 – Summary of Significant Accounting Policies (Continued)
--

- Unassigned – the residual classification for the general fund and includes all amounts not contained in the other classifications. This amount is technically available for any purpose.

In general, when both restricted and unrestricted resources are available, restricted resources are used first. When expenditures are made of unrestricted resources, Ag + Open Space first applies committed, then assigned and then unassigned resources.

I. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

J. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position or balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position or balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

K. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Ag + Open Space categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs are inputs – other than quoted prices included within level 1 – that are observable for an asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for an asset or liability.

If the fair value of an asset or liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest level input that is significant to the entire measurement.

L. Net Pension Liability

For purpose of measuring the net pension liability, deferred outflows of resources, related to pensions, pension expense, information about the fiduciary net position of the County's Pension Plan (CPP) and additions to/deductions from CPP's fiduciary net position have been determined on the same basis as they are reported by CPP. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

M. OPEB

For purposes of measuring the net other postemployment benefit (OPEB) liability, deferred outflows of resources, deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position of the County's OPEB Plan and additional to/deductions from the County's OPEB Plan fiduciary net position have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 2 – Cash and Investments

Ag + Open Space follows the County’s practice of pooling cash and investments with the County Treasurer, except for the cash on hand used as a petty cash fund. The County Treasury functions essentially as a demand deposit account in which participants receive an allocation of their proportionate share of the pooled investment earnings.

The amount of cash at June 30, 2020 is as follows:

Pooled investment in County Treasury	\$	13,980,957
Petty cash		150
Total	\$	<u>13,981,107</u>

Ag + Open Space’s cash and investments are reported at fair value.

Investment in the Sonoma County Treasurer’s Investment Pool

Ag + Open Space’s cash is pooled with the Sonoma County Treasurer, who acts as disbursing agent for Ag + Open Space. The fair value of Ag + Open Space’s investment in this pool is reported in the accompanying financial statements at amounts based upon Ag + Open Space’s pro-rata share of the fair value provided by the Treasury Pool for the entire Treasury Pool portfolio (in relation to the amortized cost of that portfolio). These investments are stated at a Level 2 fair value as required by generally accepted accounting principles. The balance available for withdrawal is based on accounting records maintained by the Treasury Pool, which are recorded on an amortized cost basis. Interest earned on investments pooled with the Treasurer is allocated quarterly to the appropriate fund based on its respective average daily balance for that quarter. The Investment Oversight Committee has oversight for all monies deposited into the Treasury Pool.

Investment Guidelines

Ag + Open Space’s pooled cash and investments are invested pursuant to investment policy guidelines established by the County Treasurer and approved by the Board of Supervisors. The objectives of the policy are, in order of priority: safety of principal, liquidity and yield.

The policy addresses the soundness of financial institutions in which the County will deposit funds, types of investment instruments as permitted by the California Government Code 53601, and the percentage of the portfolio that may be invested in certain instruments with longer terms to maturity.

A copy of the County investment policy is available upon request from the Sonoma County Auditor-Controller-Treasurer-Tax Collector’s Office at 585 Fiscal Drive, Room 100, Santa Rosa, California, 95403-2871.

and Open Space District
Notes to Basic Financial Statements
For the fiscal year ended June 30, 2020**

NOTE 2 – Cash and Investments (Continued)
--

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. As a means of limiting its exposure to fair value losses arising from rising interest rates, one of the ways that the Treasury Pool manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturing evenly over time as necessary to provide the cash flow and liquidity needed for operations.

As of June 30, 2020, approximately 36.0 percent of the securities in the Treasury Pool had maturities of one year or less as reported by the Sonoma County Treasurer. Of the remainder, 0.5% of securities had a maturity of more than five years.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The Treasury Pool does not have a rating provided by a nationally recognized statistical rating organization.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as the Treasury Pool).

Concentration of Credit Risk

The investment policy of the County contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. For a listing of investments in any one issuer (other than U.S. Treasury securities, mutual funds, or external investment pools) that represent 5% or more of total County investments, refer to the 2020 Sonoma County Comprehensive Annual Financial Report.

NOTE 3 – Capital Assets (Continued)

During the fiscal year ended June 30, 2020, Ag + Open Space transferred fee title interest in the Healdsburg Open Space Preserve to the City of Healdsburg in exchange for a conservation easement and recreation covenant. This exchange resulted in a transfer of \$7,191,121 from land to easements. In addition, Ag + Open Space recorded a contribution to other governments of \$435,085 related to the transfer of title of a trail to the City of Healdsburg. Ag + Open Space also recorded a loss on disposal of \$142,458 for pre-acquisition costs associated with properties that are no longer being targeted for acquisition. Assets retirement are recorded on the Statement of Activities as follows:

NOTE 5 – Intergovernmental Revenue and Open Space Special Tax Account (OSSTA)

As defined by Measure F, proceeds from the quarter cent sales tax are deposited into the Open Space Special Tax Account (OSSTA). The County Auditor-Controller-Treasurer-Tax Collector administers that account, thus it is not included within this report. For the fiscal year 2019-2020 the County recorded \$24,468,390 in sales tax revenue in OSSTA. OSSTA revenue withheld for scheduled debt payments totaled \$7,659,708. For the fiscal year 2019-20, Ag + Open Space recorded intergovernmental revenue of \$18,671,362 from OSSTA with \$8,224,523 going towards the purchase of Agricultural Preservation and Open Space assets, \$8,000,000 for Ag + Open Space operations and \$2,446,839 to the O&M Fund. As of June 30, 2020 the cumulative calculation of funds available for expenditure on initial public access, operations and maintenance within the 10 percent cap was \$9,193,039.

NOTE 7 – Risk Management

Ag + Open Space is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. Ag + Open Space is covered by the County's self-insurance program, which is accounted for in the County's Risk Management Internal Service Fund. Ag + Open Space is covered under this program for general liability, auto liability, public employees' performance/dishonesty and property insurance.

The County maintains self-insurance retention of \$1,000,000 per occurrence for general and automobile liability. Excess liability is maintained through participation in the California State Association of Counties, Excess Insurance Authority (CSAC-EIA). Limits of this coverage are \$25,000,000.

The County maintains "All Risk" property insurance including flood and earthquake coverage through participation in the CSAC-EIA Property Insurance Program. Limits of coverage are \$800,000,000 per occurrence for All Risk, \$600,000,000 for flood (limits vary in FEMA flood zones) and earthquake coverage with shared limits of \$740,000,000. Deductibles for these perils are \$50,000 to \$100,000 per occurrence.

The County of Sonoma is permissibly self-insured for workers' compensation for its employees and volunteers. Excess workers' compensation coverage is obtained through participation in the CSAC-EIA.

During the fiscal year ended June 30, 2020, Ag + Open Space paid annual premiums to the County for this insurance coverage in the amount of \$26,414. Settlements have not exceeded coverage for each of the past three fiscal years.

NOTE 8 – Employee Retirement Plan
--

Plan Description

The Sonoma County Employees' Retirement Association (SCERA) was organized on January 1, 1946, under the provisions of the 1937 County Employees Retirement Act. SCERA, a cost-sharing, multiple employer Defined Benefit Pension Plan (Plan), serves as a distribution agent for County Postemployment Healthcare Plan (PH Plan), and is legally separate from the County.

The California Public Employees' Pension Reform Act of 2013 (PEPRA) was signed into law by Governor Jerry Brown on September 12, 2012, with an effective date of January 1, 2013. All General and Safety employees hired on or after January 1, 2013, with the exception of employees who are eligible for reciprocity with another qualified California retirement system, are part of a new tier called Plan B.

Plan members include all permanent employees appointed to a permanent position of at least half time for employees of the County of Sonoma, Valley of the Moon Fire District (District), and Superior Courts of California. Plan members are classified as either General or Safety (Safety e.g., eligible Sheriff, Fire, and Probation Department employees). Membership becomes effective on the first day of service. The Plan provides benefits as defined by the law upon retirement, death, or disability of members and may be amended by the Board of Supervisors and then shall be implemented by the Board of Retirement.

The financial statements for the County (the primary government) contain additional financial information for the defined pension benefits, which may not be presented here.

SCERA issues a publicly available financial report that includes financial statements and required supplementary information for the pension plan. That report may be obtained by writing to Sonoma County Employee's Retirement Association, 433 Aviation Blvd., Suite 100, Santa Rosa, CA 95403-1069 or by calling 707-565-8100.

Funding Policy

The contribution requirements of Plan members and the County are determined by an independent actuary, approved by the SCERA Board of Retirement, and adopted by the Board of Supervisors. The contribution rates for the fiscal year ended June 30, 2020 were based on the Plan's valuation dated December 31, 2017. The contribution rates determined in each actuarial valuation take effect at the beginning of the fiscal year starting at least twelve months after the beginning of the valuation year, except when significant benefit or actuarial assumption changes occur. Plan A General members are required to contribute 10.6% -14.1% of their annual covered salary based upon the member's age at the date of entry into the system and Plan B General members are required to contribute 10.5% of their annual covered salary. The County is required to contribute the remaining amounts necessary to finance the coverage of their employees through periodic contributions at actuarially determined rates. Employer and member contributions are funded and recognized through the County and District payroll systems via employer benefit payments and employee deductions. For the fiscal year ended June 30, 2020, Ag + Open Space contributed \$394,156 or approximately 15.77% of covered payroll.

Pension Liability, Pension Expense, and Deferred Outflows or Resources and Deferred Inflows of Resources Related to Pension

At June 30, 2020, Ag + Open Space reported a liability of \$1,395,824 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Ag + Open Space's proportion of the net pension liability was based on a projection of Ag + Open Space's long-term share of contributions to the pension plan relative to the projected contributions of all Pension Plan participants, actuarially determined. At December 31, 2019, Ag + Open Space's proportion was 0.616%, which was an increase of 0.021% from its proportion measured as of December 31, 2018.

For the year ended June 30, 2020, Ag + Open Space recognized a pension expense of \$408,675. Pension expense represents the change in the net pension liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions or methods, and plan benefits. At June 30, 2020, Ag + Open Space reported deferred outflows of resources and deferred inflows of resources related to the pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 43,593	\$ 177,958
Changes in assumptions	98,240	-
Net difference between projected and actual earning on retirement plan investments	-	530,253
Changes in proportion and differences between District contributions and proportionate share of contributions	100,444	-
District contributions subsequent to the measurement date	195,726	-
Total	<u>\$ 438,003</u>	<u>\$ 708,211</u>

Deferred outflows of resources and deferred inflows of resources above represent the unamortized portion of changes to net pension liability to be recognized in future periods in a systematic and rational manner.

The \$195,726 reported as deferred outflows of resources related to pensions resulting from Ag + Open Space contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

2022	(107,908)
2023	34,287
2024	(264,803)
Total	<u>\$ (465,934)</u>

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study for the period January 2015, through December 31, 2017. Measurements as of the reporting date are based on the fair value of assets as of December 31, 2019, and the Total Pension Liability (TPL) as of the valuation date, December 31, 2019. The Reporting Date for the Employers under GASB Statement No. 68 is June 30, 2020. There were no significant events between the valuation and measurement date.

The TPL was determined based on the December 31, 2019 actuarial valuation using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Assumptions	
Valuation Date:	December 31, 2019
Investment Rate of Return:	7.00%, net of pension plan investment expense, including inflation
Projected Salary Increases:	3.75%-8.75%

Sensitivity of Ag + Open Space's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The discount rate used to measure the Total Pension Liability was 7% as of December 31, 2019, the measurement date. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the actuarially determined contribution rates.

The following presents Ag + Open Space's proportionate share of the net pension liability calculated using the discount rate of 7% as well as what Ag + Open Space's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6%) or 1-percentage point higher (8%) than the current rate.

Long-Term Expected Rate of Return by Asset Class

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before deducting investment expense, used in the derivation of the long-term expected investment rate of return assumptions are summarized in the following table.

Asset Class	Policy Target Allocation	Long-Term Expected Real Rate of Return
Large Cap Equity	17.97%	5.34%
Small Cap Equity	5.45%	6.08%
Developed International Equity	16.71%	6.80%

Deferred Compensation Plans

The Deferred Compensation Benefit Plans are administered through a third-party administrator. Since Ag + Open Space does not perform the investing function and has no fiduciary accountability for these plans, plan assets and any related liability to plan participants are excluded from Ag + Open Space's financial statements.

The Deferred Compensation Benefit Plan is an employer discretionary, defined contribution plan established and governed under Internal Revenue Code Sections 401(a) and 457(b). The plan is available to employee groups based on bargaining unit and job class.

Employer-only annual contributions are calculated based upon a percentage of employee compensation. For the fiscal year ended June 30, 2020 Ag + Open Space's contribution was \$37,821.

NOTE 8 – Employee Retirement Plan (Continued)

Ag + Open Space offers employees an optional deferred compensation plan created in accordance with Section 457 of the Internal Revenue Code. This plan is available to substantially all employees and allows participants to defer a portion of their current income until future years, up to a maximum of \$19,500 per calendar year.

NOTE 9 – Other Postemployment Health Benefits (OPEB)

Plan Description

The County of Sonoma (County) maintains an Other Postemployment Healthcare Plan (OPEB or the Plan). The Plan is a single employer defined benefit plan administered by the County. The authority to establish and amend benefit provisions of the Plan resides with the County Board of Supervisors. In accordance with a County Board of Supervisors approved salary resolution and applicable memorandum of understanding the Plan includes unrepresented and represented employees, hired prior to January 1, 2009, with at least 10 consecutive years of regular full-time paid employment. The Plan was closed to new participants on December 31, 2008. The County established an OPEB trust with the Public Agency Retirement Services (PARS) in 2008 to accumulate resources to fund future benefit payments of the Plan. The OPEB trust is reported in the County of Sonoma's Comprehensive Annual Financial Report (CAFR).

Benefits Provided

Retirees and the County share in the cost of monthly premiums for medical coverage. The County contribution toward General Plan member premiums is a \$500 per month maximum contribution. Retired safety and Law Enforcement Management receive a County contribution of \$500 per month to the Deputy Sheriff Association Retiree Medical Trust. Retirees may enroll eligible dependents in the County medical plan elected by the retiree, but the retiree is responsible for all premium costs in excess of the County's contribution. In the case of a Safety employee's line-of-duty death pursuant to the California labor code, dependents of the deceased employee are eligible to receive County-subsidized medical coverage. In addition to the monthly contribution, the County reimburses General Plan retirees hired prior to January 1, 2009, a fixed amount of \$96.40 per month for Medicare Part B premiums. Safety and Law Enforcement Management retirees are not eligible for the Medicare Part B reimbursement.

Contributions

The OPEB Plan funding policy provides for periodic contributions by the County. The contribution rate as a percentage of covered payroll is 8.8% and is authorized annually by the County Board of Supervisors to finance the costs of benefits for plan members, with an additional amount to finance the unfunded accrued liability. Contributions to the OPEB Plan from Ag + Open Space were \$163,025 for the year ended June 30, 2020. Employees are not required to contribute to the OPEB Plan.

Proportionate Share

The net OPEB liability and asset information is reported within certain defined timeframes as listed below:

Reporting Date	June 30, 2020
Valuation Date	June 30, 2019
Measurement Date	June 30, 2019

At June 30, 2020, Ag + Open Space reported a liability of \$1,536,870 for its proportionate share of the net OPEB liability. Ag + Open Space's covered payroll is used as the basis for determining its proportion of the OPEB amounts. At June 30, 2018 Ag + Open Space's proportion was 0.665%. At June 30, 2019, Ag + Open Space's proportion was 0.646%, a decrease of 0.019%.

Actuarial Methods and Assumptions

The Net OPEB Liability (NOL) was measured as of June 30, 2019 and 2018 and determined based on the total OPEB liability from actuarial valuations as of June 30, 2019 and 2018, respectively.

The total OPEB liability was determined by an actuarial valuation as of June 30, 2019 using the following actuarial assumptions, applied to all periods included in the measurement.

Actuarial cost method	Entry Age Normal Cost Method
Inflation	2.75%
Investment rate of return	6.50%, net of OPEB plan investment expense, including inflation
Salary increases	3.25%
Other assumptions	Analysis of actuarial experience per the January 1, 2015 through December 31, 2017 Actuarial Experience Study dated September 25, 2018 for the Sonoma County Employees' Retirement Association (SCERA). Mortality rates were based on the Headcount-Weighted RP-2014 Healthy Annuitant Table

The total OPEB liability was determined by an actuarial valuation as of June 30, 2018 using the following actuarial assumptions, applied to all periods included in the measurement.

Actuarial cost method	Entry Age Normal Cost Method
Inflation	3.00%
Investment rate of return	6.50%, net of OPEB plan investment expense, including inflation
Salary increases	3.50%
Other assumptions	Analysis of actuarial experience per the January 1, 2012 through December 31, 2014 Actuarial Experience Study dated October 2, 2015 and the Economic Actuarial Assumption Study for December 31, 2015 Actuarial Valuation dated September 30, 2015 for the Sonoma County Employees' Retirement Association (SCERA).

Investments

The long-term expected rate of return on OPEB Plan investments was determined using a building-block method in which the expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rate of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumption are summarized in the table below.

The County's Investment Guidelines for OPEB are detailed in the "Investment Guidelines Document – County of Sonoma Post-Employment Health Care Plan Investment Policy Document – June 2017". The following is the Board's adopted asset allocation policy for OPEB as of June 2017:

Discount Rate

The discount rates used to measure the total OPEB liability were 6.50% as of June 30, 2019 and June 30, 2018. The projection of cash flows used to determine the discount rate as of June 30, 2019 assumed employer contributions of 8.8% of future open group payroll. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. As a result, the discount rate is equal to the assumed investment return of 6.50%.

Sensitivity of Ag + Open Space's Proportionate Share of the Net OPEB Liability to Changes in Discount Rate

The following presents Ag + Open Space's proportionate share of the Net OPEB liability if it were calculated using the discount rate of 6.50%, as well as what Ag + Open Space's proportionate share of the Net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.50%) or 1-percentage-point higher (7.50%) than the current rate, for measurement period ended June 30, 2019:

1% Decrease 5.50%	Discount Rate 6.50%	1% Increase 7.50%
\$ 1,705,512	\$ 1,536,870	\$ 1,390,727

Defined Contribution Plan Description

For employees hired on or after January 1, 2009, the County provides a defined contribution into a Retiree Health Reimbursement Arrangement (HRA) account. Eligibility for this benefit is based upon completion of two full years of consecutive County regular service and have been a contributing member of the Sonoma County Employees Retirement Association. Upon completion of the initial eligibility requirements, the County provides (a) an initial contribution of \$2,400 to an HRA account established in the employee's name; this initial contribution of \$2,400 is based on full-time status and is prorated based on the employee's allocated position, and (b) thereafter contributes \$.58 per pay status hour, not including overtime, into the HRA account for each eligible employee. Once an employee has worked the two full years of service and the initial contribution into their HRA account is made, there are no further service requirements. All contributions into the Retiree HRA are made only while an employee is in active pay status, and upon separation of employment, there are no further post-employment contributions. Participants may access their HRA account at age 50 or upon retirement from the County, whichever is earlier, and may defer this date. There is no requirement to be enrolled in a County offered medical plan to receive this benefit. Retirees and dependents that elect coverage under a County-sponsored plan are responsible for all costs.

NOTE 10 – Commitments and Contingencies (Continued)

In 2011, the Matching Grant Program Guidelines set forth new time requirements for project implementation, intended to ensure the timeliness of project completion. Specifically, Ag + Open Space has established time limitations for expending Ag + Open Space's grant, expending the matching contribution, and implementing the project. Under the new guidelines, grant funds must be expended within three years for real property acquisitions, and within five years for restoration and park development projects. All matches must be met and all projects completed within five years. The timelines start on the date the Board accepts the project into the Program. The new time requirements for expending Ag + Open Space grant funding also applied to projects accepted in the 2008 Program cycle and before, with the timelines starting on the date the revised guidelines are adopted (December 6, 2011).

Ag + Open Space may consider one request for extension of the time requirements up to two years, only upon the applicant's demonstration of reasonable progress on the project and proof that the extension will result in successful completion of the project.

Ag + Open Space Encumbrances

At June 30, 2020, Ag + Open Space had \$5,773,162 in encumbered contracts, including \$3,985,662 for operations and \$1,787,500 for IPAOM (see below). In order to reflect liabilities contracts and other purchase agreements are encumbered to reflect the total amount that could be spent during the term of the agreement. This Sonoma County standard ensures satisfactory allocation to be reserved for the liabilities. The bulk of encumbrances are for maintenance on properties.

Initial Public Access Operations and Maintenance (IPAOM) Unencumbered Contracts

Ten percent of the sales tax received from Measure F is obligated for Initial Public Access Operations and Maintenance (IPAOM) on public recreational property. The \$9,193,039 shown as Committed on the Government Fund Balance Sheet is for IPAOM and includes encumbered contracts of \$1,787,500 for estimated expenditures through FY19-20. An additional \$968,332 of the committed fund balance will be encumbered in future years under existing multi-year contracts related to transfer of properties to other governmental agencies. These unencumbered contracts are as follows:

Receiving Agency	Property Name	Unencumbered Contracts
Sonoma County Regional Parks	Mark West Regional Park and Open Space Preserve	\$506,189
Sonoma County Regional Parks	Stewards Point Ranch (California Coastal Trail Stewards Point and Kashia Coastal Reserve Segements)	462,143

COVID-19 Global Pandemic

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses and shelter in place orders for all but those deemed essential services. While the business disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the closings and shelter in place orders. However, the ultimate financial impact and duration cannot be reasonably estimated at this time.

Notes to Required Supplementary Information
For the fiscal year ended June 30, 2020**

NOTE 1 – Supplementary Notes

A. Budgetary Information

Budgetary revenue estimates represent original estimates modified for any authorized adjustment which was contingent upon new or additional revenue sources. Budgetary expenditure amounts represent original appropriations adjusted by budget transfers and authorized appropriation adjustments made during the year. All budgets are adopted on a non-GAAP basis. Ag + Open Space's final budgetary information was amended during the year by resolution of the Board of Directors.

B. Encumbrances

Ag + Open Space has unexpended encumbrances of \$5,773,162 at June 30, 2020. These encumbrances represent commitments by Ag + Open Space for services related to the acquisition of land and easements and the stewardship of District owned properties.

- Notes:
- (1) Asset value will not always equal the District's contribution. Refer to Note 1-E. to the Basic Financial Statements for detail on asset valuation.
 - (2) Open Space Easements are properties where the District holds title obtained by donation through the development process. The interests are included in summary as they were determined to not relate to the District's Acquisition Plan implemented in 2006. Individual interests are valued based on the District internal costs of placing the asset in service.

STATISTICAL SECTION

**INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors
Sonoma County Agricultural Preservation and Open Space District
Santa Rosa, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the Sonoma County Agricultural Preservation and Open Space District (Ag + Open Space), as of and for the year ended June 30, 2020 and the related notes to the financial statements, and have issued our report thereon dated September 23, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Ag + Open Space's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ag + Open Space's internal control. Accordingly, we do not express an opinion on the effectiveness of Ag + Open Space's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Ag + Open Space's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Ag + Open Space's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have also issued a separate Memorandum on Internal Control dated September 23, 2020 which is an integral part of our audit and should be read in conjunction with this report.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Ag + Open Space's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ag + Open Space's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
